

THE ULTIMATE PERSONALITY TEST

BY EMILY HARRISON

DESCRIPTION

- This personality test combines the DISK test, Myers Briggs and Enneagram test into one.
- Learning how to communicate with a client

PURPOSE

- It will allow users to save time from switching to different websites to get their different personality types
- Desire to be able to create something that someone might find useful

PROBLEM STATEMENT

- Students are not required to take user interface as a class so it I have to learn what is appealing to the user
- Having to learn more about javascript
- Not having much knowledge on personality test and how they work

BACKGROUND/RESEARCH

- Each personality type from each test is given a group of characteristics
- It is important to link each characteristic with different

ENNEAGRAM TEST

- 
- 
- 1 THE REFORMER The Rational, Idealistic Type: Principled, Purposeful, Self-Controlled, and Perfectionistic
 - 2 THE HELPER The Caring, Interpersonal Type: Demonstrative, Generous, People-Pleasing, and Possessive
 - 3 THE ACHIEVER The Success-Oriented, Pragmatic Type: Adaptive, Excelling, Driven, and Image-Conscious
 - 4 THE INDIVIDUALIST The Sensitive, Withdrawn Type: Expressive, Dramatic, Self-Absorbed, and Temperamental
 - 5 THE INVESTIGATOR The Intense, Cerebral Type: Perceptive, Innovative, Secretive, and Isolated
 - 6 THE LOYALIST The Committed, Security-Oriented Type: Engaging, Responsible, Anxious, and Suspicious
 - 7 THE ENTHUSIAST The Busy, Fun-Loving Type: Spontaneous, Versatile, Distractible, and Scattered
 - 8 THE CHALLENGER The Powerful, Dominating Type: Self-Confident, Decisive, Willful, and Confrontational
 - 9 THE PEACEMAKER The Easygoing, Self-Effacing Type: Receptive, Reassuring, Agreeable, and Complacent

DISC TEST

Is based on 4 different personality

The traits are D (dominance), I (influence), S (steadiness), and C (conscientiousness).

The DiSC® model looks at a continuum of pace (activity and energy level) and a continuum of skepticism or trust.

MYERS BRIGGS TEST

There are 16 different personalities that are possible.

Each one is based on 4 different questions

Where you focus your attention – Extraversion (E) or Introversion (I)

The way you take in information – Sensing (S) or INTuition (N)

How you make decisions – Thinking (T) or Feeling (F)

How you deal with the world – Judging (J) or Perceiving (P)

PROJECT LANGUAGE, SOFTWARE AND HARDWARE

9

Hardware: Laptop
Languages: HTML, Javascript, CSS
Software: Atom, Ubuntu, VMware

PROJECT REQUIRMENTS

- At least 3 Personality Tests
- Different tabs that contain:
 - The test
 - More information about their results
 - Homepage
- Frequent communication with a client

TEST PLAN

1. Testing that tabs

- a. Test 1: Menu Bar and Link while on the homepage
- b. Test2: Menu Bar while on the test page
- c. Test3: Menu Bar while on the test page

2. Testing Radio Buttons

Test 1: Continuously select 0 for all of the questions but one, select Inaccurate or Accurate, until every value is checked.

Test 2: Select the first characteristics question to be “neutral” and the next to be “Accurate ” and determine if the answer is 1. Then select the first characteristics question to be “neutral” and the next to be “Inaccurate ” and determine if the answer is -1.

3. Results

Test 2:

Select match characteristics question to be “agreeable” and the rest to be “neutral” with the personality types.

TEST PLAN

Why it didn't work:

If the user answers correctly then there shouldn't be a problem. Sometimes when the user answers disagree with each other they will receive a undetermined answer.

CHALLENGES OVERCOME

- Connecting the personality traits to each question and how to determine their results
- Creating a user interface that is appealing for the users to actually use
- Learning more about javascript and how to communicate with someone who is doesn't have a lot of knowledge on how to create a website

FUTURE ENHANCEMENTS

- Adding a section that would allow you to create an account that would save your personality types.
- allow a user to add friends to see what personality types and traits that they have in common. It would also be interesting to have a feature that allowed the user to see how each personality communicates and interacts with their type.
- The website could include a survey that asks the user about their career, age, highest education level, etc. It could also be used for a college or university to help student to decide what career path they would most likely succeed in based on personality.
